

CA' Baradei

ROSSO LE CHIZZE

Grape Variety Raboso, Malbech, Marzemino.

Description This grape variety gets its namesake from the place where it is grown, a place located in our town: Mareno di Piave. It is a wine made from a combination of three different types of red grapes, of course within conscientious vinification processes. Its vivacity and complexity is striking. When young, it exudes freshness, and when mature stands out for its intense color, velvety and balanced body.

Sensory Notes Deep ruby red in color, pleasantly fruity, it is reminiscent of raspberries and red fruits. Slightly tannic, dry, flavorful, slightly bitter, refined yet smooth.

Pairings Boiled, grilled or roasted red meat and seasonal cheeses pair well.
